

**STATE OF MICHIGAN**  
invites applications for the position of:  
**Environmental Quality  
Specialist 13 (Kalamazoo)  
- Incident Manager**

An Equal Opportunity Employer

---

**JOB #:** 7601-19-RRD-003

**DEPARTMENT:** Environmental Quality

**JOB TYPE:** Permanent Full Time

**BARGAINING UNIT:** SCIENTIFIC AND ENGINEERING (SEIU)

**SALARY:**

Hourly  
\$27.22 - \$39.96

**OPENING DATE:** 03/14/19

**CLOSING DATE:** 04/04/19 11:59 PM

**JOB DESCRIPTION:**

**NOTE: This is a reposting. If you previously applied to this posting, you do not need to reapply. Your application is still being considered.**

The Incident Manager serves as a singular point of contact between local, county, state and federal government incident management personnel, on a statewide basis. The Incident Manager provides oversight of response actions to ensure compliance with state and federal regulations and incident management standards of performance. Tasks are multidimensional including preparedness for, prevention and mitigation of, response to and recovery from many types of disasters, emergencies and major events to include the most serious and complex incident "types" as defined by the National Incident Management System (NIMS). This position also functions as a senior EQA/Project Manager to implement Part 201 and Part 213 of the NREPA at both privately-funded and state-funded properties, located in the RRD District Office.

**REQUIRED EDUCATION AND EXPERIENCE:**

**Education**

Possession of a bachelor's degree in the biological sciences, engineering, physical sciences, resource development, or resource management.

OR

Possession of a bachelor's degree in any major with at least 30 semester (45 term) credits in one or a combination of the following: biochemistry, biology, botany, chemistry, crop and soil science, engineering, environmental health, environmental science, forest management, geology, ecology, meteorology, microbiology, physics, remote sensing, resource development, resource management, toxicology, or zoology.

**Experience**

Four years of professional engineering or scientific experience in an environmental protection or

regulatory program equivalent to an Environmental Quality Analyst, including two years equivalent to an Environmental Quality Analyst P11 or one year equivalent to an Environmental Quality Analyst 12.

**ADDITIONAL REQUIREMENTS AND INFORMATION:**

**Please attach a cover letter, resume, and official college transcripts (if applicable) to your application.**

For a copy of the position description, click [HERE](#).

Information provided in your application, resume, cover letter, transcripts, and any other documentation provided will be used to verify responses to the supplemental questions. Unsupported responses may not be considered further.

If applicable, you must attach an electronic and/or scanned copy of your official college/university transcripts. For our purposes, "Official Transcripts" must contain the college/university name and address, the degree conferred and date granted, coursework completed (especially if no degree granted), and the Registrar's signature and/or seal.

Your application for any position does not guarantee that you will be contacted by the Department/Agency for further consideration. Only those applicants interviewed will be notified of the results.
