

Project Manager - Geologist / Engineer / Environmental Scientist. Grand Rapids or Detroit, MI

Full-time position available for a self-motivated Environmental Professional proficient in conducting State of Michigan Environment, Great Lakes, and Energy (EGLE) Part 213 investigations/reporting as well as EGLE Part 201 and Due Diligence investigations/reporting. Candidates must understand the components of project management and be capable of completing multiple, technically accurate, on time and within budget project assignments. This is considered a mid-level to Senior Project Management position depending on qualifications. Position duties/requirements will include, but are not limited to, the following:

- Minimum of 5 years of experience completing Part 213 fieldwork including soil, groundwater, soil gas, and indoor air sample collection techniques
- Experience and demonstrated ability in completing Part 213 UST/LUST Initial Assessment Reports (IARs), Final Assessment Reports (FARs), and Closure Reports
- Experience and demonstrated ability in completing Phase II ESA, BEA, and DDCC/ResAP reports a plus
- Communicate with regulatory agencies (EPA, EGLE, and local counterparts)
- Detail oriented with strong analytical skills and the ability to work both independently and on project teams
- Have a can-do attitude and a willingness to perform a variety of tasks as needed to complete an assignment and satisfy project demands
- Current OSHA 40-hr HAZWOPER trained
- Proficient with MS Office tools (AutoCAD a plus)
- Valid driver's license and an acceptable driving record
- Willingness to travel, including air travel
- Bachelor's degree in geology, engineering, or other relevant scientific discipline
- Strong verbal and written communication skills

Applicants must possess strong written and verbal communication skills, a valid driver's license, an acceptable driving record, and be proficient working with Microsoft Office software. This position will require individuals to work outdoors and perform physical tasks regularly.
