

AIPG Michigan Section Announces the

# 9<sup>TH</sup> ANNUAL

Environmental Risk Management Workshop  
Hazardous Substances in Groundwater,  
Soil, & Vapors: The New Turning Point

## Sponsor Invitation

The AIPG Michigan Section is offering sponsorship opportunities for the 9th Annual AIPG Michigan Workshop to be held June 11 and 12, 2019, at the Ralph A. MacMullan Conference Center on Higgins Lake in Roscommon, Michigan.

The 9th workshop in the series of annual training events hosted by the AIPG Michigan Section focuses on providing quality technical information and case studies. These environmental workshops bring together a broad base of topic expertise from consulting, regulatory, academic, and owner perspectives.

This unique workshop forum creates excellent opportunities for

- *Networking*
- *Knowledge Transfer*
- *Collaborative Problem Solving*
- *Innovative Product Introduction*
- *Field Demonstrations*

Leadership and Break Sponsors are available at various levels!

This year the AIPG Michigan Section is featuring exhibitors during one of the presentation sessions giving exhibitors at the Michigan and Superior Glacial Lobe levels an opportunity to speak about their services for 2-3 minutes. One entire track is also devoted to demonstrations during the day as well featuring opportunities for attendees to see and perhaps try technologies or products.

The workshop will provide the same thought provoking, high quality presentations and discussions as have come to be expected of the Michigan Section's annual workshop. As professionals working in the environmental industry, we make decisions regarding potential and real exposures daily using tools developed from the latest advances in science and technology, statutory requirements, and professional experience.

Sponsorship Questions: Contact Sara Pearson  
([pearsons@michigan.gov](mailto:pearsons@michigan.gov)).

*Be sure to join us in June!*
